### 4 THINGS EVERY PARENT SHOULD KNOW BEFORE CHOOSING A DANCE STUDIO

---

If most dance studios seem to have qualified, friendly teachers, experience teaching children and a big show at the end of the year, aren't they all pretty much the same? Does it really matter which place you decide to enroll at? Yes. There are 4 main things that can make a huge difference in the quality of instruction your child receives, the amount of extra work and hassles the parents must deal with and the overall enjoyment and satisfaction of being involved with a dance program. Here are 4 things that every parent should consider before deciding on a dance studio for their child.

#### 1. WHAT TYPE OF DANCE FLOOR IS USED?

Dance is a very physical activity that requires a lot of jumping, which can put stress on bones and joints. Most dance footwear does not provide any cushioning or support, so the shock of dance movement can place a lot of pressure on the knees and back of a dancer. The best way to prevent against injury is by choosing a studio with a professional "floating floor". A floating floor is a dance floor that rests on a system of high-density foam, to absorb the shock of jumping. A high-density foam base is superior to a "sprung" floor, which usually consists of wood structure built on the regular floor.

All of our studios have floating floors that have over 700 high density foam blocks under the floor surface. Our special floors help reduce the risk of injuries and allow students to dance longer without getting tired.

#### 2. WHAT IS THE SIZE OF THE CLASS?

If the dance class has fewer students in it each child will receive more personalized attention, learn more and have more fun. With younger students it is easier for a teacher to maintain control over the class and make sure each student understands the concepts and instructions. Our smaller class sizes make sure that no fundamental concepts are being missed. A smaller class size also allows our teachers to ensure that students are not developing bad habits or improper technique.

Our studio limits all of our classes (ages 5 and up) to a maximum of just 12 students per class. With our "Combo Dance" classes (ages 3.5-4.5) we limit all of our classes to a maximum of just 10 students per class. With our Classes (ages 6 mos.-3)) we limit all of classes to a maximum of just 8 students per class.

#### 3. DO YOUR TEACHERS HAVE EXPERIENCE TEACHING CHILDREN OF ALL AGES AND ALL LEVELS?

A good dancer does not necessarily make a great teacher. Our teachers are great dancers with over 40 years of combined experience in teaching children of all ages and all levels. Our teachers are mature, loving, caring and fun. For our teachers this is what they love and never feels like a "job" to them. Their heart really carries through to each of their students.

#### 4. CAN I GET IMMEDIATE ASSISTANCE AND CUSTOMER SERVICE?

In many studios the teacher or the studio owner conducts classes and does the administration. By trying to do two jobs at once, the class may suffer as the teacher has to use class time for customer service issues, or the studio may have no customer service available if the teacher is in a class. To have a good experience it is important to choose a studio that can assist you with details like costumes or schedules, even if a teacher is occupied in a class. Our studios have office staff on hand during all regular class times, so you can get immediate assistance.
